10 Benefits of Applied Learning Online™

INSTRUCTOR REACH BACK.

The "downside" to many training programs – whether in the classroom or online is that once you are back at your desk and applying what you've learned, you no longer have access to the instructors. With Applied Learning Online™, reach back is included! Reach back to instructors through the links provided in each Applied Learning Online™ module.

NO TIME AWAY FROM THE OFFICE.

Leaving your work unattended on your desk is stressful – often times training participants become disengaged because they are more worried about the work on their desks than the subject matter in the class. With Applied Learning Online™, engage in learning at your desk, on your lunch hour, at home, or whenever works best for you.
